Proposal abstract

max 300 words

Research proposal

The proposal should articulate a sound conceptual basis for the proposed scientific approach, the original thinking that underpins the approach, how this is distinct from other work in the field and the particular strengths that provide competitive advantage. Please provide a detailed outline of your 8-year research program addressing the following: Aims; Background; Research Plan; Proposed Methodology; Importance and Relevance; Challenges/Risks.

max 3,000 words

Key collaborators

#	Collaborator's name	Collaborator's organisation	Role and responsibilities
1	Praesent sapien massa, convallis a pellentesque nec, egestas non nisi.	Praesent sapien massa, convallis a pellentesque nec, egestas non nisi.	max 300 characters

Proposed research team

#	Position	Role and responsibilities	Name
1	Praesent sapien massa, convallis a pellentesque nec, egestas non nisi.	Praesent sapien massa, convallis a pellentesque nec, egestas non nisi.	Praesent sapien massa, convallis a pellentesque nec, egestas non nisi.

Skills and expertise

Please outline how you intend to address any skills or expertise gaps with respect to your research program (which are not dealt with in Key Collaborators or Proposed Research Team questions)

max 500 words

Primary program milestones

Year	Anticipated milestone
------	-----------------------

2022 Please outline briefly the anticipated primary program milestones of your 8 year research program. At least one milestone per year must be entered.

Vision and innovation

Vision and innovation

Please describe your vision for your research and what differentiates your proposed research program from current concepts, approaches, methodologies, technologies or interventions

max 800 words

Impact

Please outline the impacts your research will have on biomedical research, health and other outcomes

max 500 words

Proposed translation pathway

Provide an overview of the proposed translation pathway for this research into policy and practice, including consideration of potential commercialisation if appropriate. Describe key stakeholders, beneficiaries or market

max 300 words

Budget

Research program budget (GST exclusive)

#	Budget items	Year 1	Year 2	Year 3	Year 4	Year 5
1	Outlining the detailed funds required from Snow Medical for your research program over the first 5 years, organized as Salaries (including on-costs), Equipment, Consumables, Other.					
Total funds requested		\$0	\$0	\$0	\$0	\$0

Budget justification

Please provide justification for the budget requested above aligned to the milestones for years 1-5

max 800 words

Host organisation contributions

#	Contribution type	Category	Year 1	Year 2	Year 3	Year 4	Year 5
1	Cash Nulla quis lorem ut libero malesuada feugiat.	Equipment and Consumables	\$0	\$0	\$0	\$0	\$0
Total host organisation contributions			\$0	\$0	\$0	\$0	\$0

Independence and leadership

Emerging Scientific independence

Please provide a description of your emerging scientific independence and how this is distinct from experience gained in previous training environments

max 400 words

Emerging leadership, mentoring and capacity building

Please provide a short description of your leadership experience to date and any recognition you have received. Examples include your ability to supervise and mentor other researchers, providing a suitable environment for students, capacity to build world-class collaborative research teams that demonstrate inclusion, diversity and innovation including potential links to industry, if appropriate

max 500 words.

Leadership development

Description of how the Snow Fellowship will assist the applicant to further develop their skills and build their research career

Please describe how the Snow Fellowship will assist you to further develop your skills and build your research career. Focus on key areas that you would like to develop, both personally and professionally, for the duration of the Snow Fellowship. Outline any specific leadership, management, entrepreneurship or other programs or training, either internal or external to the Host Organisation that you would like to undertake yourself or make available to your team members. Outline whether this is to be supported by the Host Organisation or the Snow Fellowship.

Max 400 words

Description of how the Host Organisation will assist the applicant to further develop their skills and build their research career during the course of the fellowship

Please describe how your Host Organisation will assist you to further develop your skills and build your research career during the course of the fellowship. Outline the commitment (cash and in-kind) to be provided by the Host

Organisation in support of your professional development in leadership, management, entrepreneurship or other relevant support that will be provided to the Snow Fellow and their team.

Certification

Applicant certification

I certify that:

- (i) all information in the application is true, accurate and complete;
- (ii) I meet the eligibility criteria for the Snow Fellowship as specified in the Funding Rules;
- (iii) I have complied with and agree to the Snow Fellowship Funding Rules;
- (iv) there are no allegations of a breach of the Australian Code for the Responsible Conduct of Research or research misconduct currently being investigated against me nor have any allegations been previously upheld;
- (v) there are no allegations of bullying and harassment currently being investigated against me nor have any allegations been previously upheld;
- (vi) no conflicts of interest exist in connection with this application and the research proposal. If a conflict of interest arises, I will immediately report it to my Host Organisation and Snow Medical;
- (vii) I will promptly notify Snow Medical if there are any changes in my circumstances that affect my eligibility or participation in the research project that is subject to this application form;
- (viii) the content of my video submission does not contain third party copyrighted material, or material that is subject to other third party proprietary rights unless permission has been granted from the rightful owner of the material or I am otherwise legally entitled to post the material; and

- (ix) I have read, understood, and agree to Snow Medical's Privacy Policy and consent to my personal information being disclosed to overseas entities, organisations or individuals in connection with the assessment of my grant application.
