## Your application

Description of why applicant is applying for the Snow Fellowship and how expected skills and experience are met

The intent of a Snow Fellowship is to accelerate the research program, career and leadership development, of outstanding researchers and their teams. Your response should indicate how award of the Fellowship will allow you to plan and undertake an 8 year scientific program at a scale and vision not otherwise achievable. Please provide a short description of why you are applying for the Snow Fellowship and how you meet the expected skills and experience.

300 words

### Description for Peer Reviewers

Please provide a short description of your project that can be used to identify and approach suitable Australian and international peer reviewers with expertise in both the scientific area and technical approach you are proposing to use.

Ideally this is one to two short sentences that outlines the:

- \* specific field you are working in (including associated disease, if relevant),
- \* general aim of your approach, and
- \* primary research techniques you will use.

Please avoid the use of subjective and superlative language. (100 words max)

## Track record

### Research opportunity and performance statement

Please detail any significant interruptions to your career which have affected your research capacity, productivity or contribution. We take gender equity seriously and research output relative to opportunity is an important element of assessment of track record.

300 words

## Publications

#	Full reference	Importance	Role	Year of publication
1	List your top five publications relevant to the proposed research project. Please indicate the importance of the research and your role. Note: a full list of career publications can be incorporated into your CV and attached to this EOI.	600 characters max	300 characters max	2020
2	List your top five publications relevant to the proposed research project. Please indicate the importance of the research and your role. Note: a full list of career publications can be incorporated into your CV and attached to this EOI.	600 characters max	300 characters max	In Press
3	List your top five publications relevant to the proposed research project. Please indicate the importance of the research and your role. Note: a full list of career publications can be incorporated into your CV and attached to this EOI.	600 characters max	300 characters max	Under Review

Key aims and vision

Please include below a succinct lay summary outlining the key aims and vision of your research proposal. This should be written in a way that explains why the research is important.

200 words

Research proposal

Please outline your research proposal with approach and methods you wish to employ.

750 words

Paste the figure/image only in the figure/image field and add the reference used in your response in the reference field. For each required figure/image you will need to add a row to the figures/images section.

Please paste images no larger than 1920 x 1080 pixels to ensure they show correctly in the preview document for this form.

Areas of discipline

## Emerging leadership

### Opportunities the applicant had to develop their leadership skills

Please provide a short description of your leadership experience to date and any recognition you have received. Examples include your ability to supervise and mentor other researchers, providing a suitable environment for students, capacity to build world-class collaborative research teams that demonstrate inclusion, diversity and innovation including potential links to industry, if appropriate.

## Certification

### Applicant certification

I certify that:

- (i) all information in the application is true, accurate and complete;
- (ii) I meet the eligibility criteria for the Snow Fellowship as specified in the Funding Rules;
- (iii) I have complied with and agree to the Snow Fellowship Funding Rules;
- (iv) there are no allegations of research misconduct currently being investigated against me nor have any allegations been previously upheld;
- (v) there are no allegations of bullying and harassment currently being investigated against me nor have any allegations been previously upheld;
- (vi) no conflicts of interest exist in connection with this application and the research proposal. If a conflict of interest arises, I will immediately report it to my Host Organisation and Snow Medical;
- (vii) I will promptly notify Snow Medical if there are any changes in my circumstances that affect my eligibility or participation in the research project that is subject to this application form; and
- (viii) I have read, understood, and agree to Snow Medical's Privacy Policy and consent to my personal information being disclosed to overseas entities, organisations or individuals in connection with the assessment of my grant application.
